Gentlemen:

We are transmitting copies of the document entitled: "Draft Final Technical Memorandum, Addendum to Final Phase II RFI/RI Work Plan, Surface Soil Sampling and Analysis Plan, 903 Pad, Mound, and East Trenches (Operable Unit 2)," dated January 1993.

This plan differs from that presented to you December 17, 1992. Instead of using the already-collected samples (holding times were exceeded), we are proposing to use the grid shown in the technical memorandum. We are requesting any comments by January 29, 1993.

If you have any questions, please contact Scott Grace of my staff at 966-7199.

Sincerely,

  
James K. Hartman
